

Dear Potential Sponsor,

We would like to thank our past sponsors that have continually supported Bikefest on the Grand. Bikefest would not be possible without our sponsors and their continued commitment in helping us make Bikefest a successful event. We are again asking for your support to make 2012 possible.

Bikefest is growing, and we are bringing in new entertainment and new ideas to make this event continue to be one of the most unique, fun and entertaining events in the Western Michigan area.

As you know Bikefest continues to support charities every year starting with the first year when a young gentleman was injured riding a dirt bike, since then Bikefest on the Grand has given to MDA, the Veterans, and other smaller causes that tend to get overlooked by other events and festivals. We would like to continue giving with this year's support going to Caden Woodworth a 6 year old with cancer.

The 2012 Bikefest on the Grand planning is underway and we already have many exciting new entertainment scheduled and we are confident and determined to grow Bikefest into something that will last for years to come.

Bikefest on the Grand is located on the Shores of the Grand River at Conestoga Campground, the campground has many beautiful features that you will only see in this secluded spot located in between Nunica and Eastmanville on Leonard Rd., in Coopersville. We hope you will consider being a sponsor of this event and support the growth as we move forward to new and exciting entertainment for years to come.

If you are interested in helping please contact us at:
